

Replimune to Present at Three Upcoming Investor Conferences

March 5, 2024

WOBURN, Mass., March 05, 2024 (GLOBE NEWSWIRE) -- Replimune Group, Inc. (Nasdaq: REPL), a clinical stage biotechnology company pioneering the development of a novel class of oncolytic immunotherapies, today announced that members from the Replimune management team will present and host investor meetings at the following three conferences:

Leerink Partners 2024 Global Biopharma Conference

Date: Tuesday, March 12, 2024

Fireside Chat Time: 2:20 pm EDT

Jefferies Biotech on the Bay Miami Summit

Date: Wednesday, March 13, 2024

Barclays 26th Annual Global Healthcare Conference

Date: Thursday, March 14, 2024

Fireside Chat Time: 10:45 am EDT

Live webcasts of the Leerink and Barclays fireside chats will be available in the Investors section of Replimune's website at www.replimune.com. A replay will be available for 30 days following the conference.

About Replimune

Replimune Group, Inc., headquartered in Woburn, MA, was founded in 2015 with the mission to transform cancer treatment by pioneering the development of a novel portfolio of oncolytic immunotherapies. Replimune's proprietary RPx platform is based on a potent HSV-1 backbone intended to maximize immunogenic cell death and the induction of a systemic anti-tumor immune response. The RPx platform is designed to have a unique dual local and systemic activity consisting of direct selective virus-mediated killing of the tumor resulting in the release of tumor derived antigens and altering of the tumor microenvironment to ignite a strong and durable systemic response. The RPx product candidates are expected to be synergistic with most established and experimental cancer treatment modalities, leading to the versatility to be developed alone or combined with a variety of other treatment options.
